

About Us

QC Kinetix (Boise) has just the thing you need for a healthy and active life! We offer non-surgical Boise regenerative medicine treatments for joint pain. Our biologic therapies are a perfect solution for anyone seeking alternatives to surgery. These treatments can reduce inflammation, relieve pain, and restore your range of motion. If you are looking for knee replacement alternatives, hip replacement alternatives, or relief from shoulder pain, elbow pain, arthritis pain, or treatment for sports injuries, QC Kinetix can help. We can help you get relief while avoiding surgery, so you can return to your normal life activities as quickly as possible. Our customers are our top priority, and we want you to be 100% satisfied with your experience with us. You will meet with one of our physicians who will explain what the treatment involves and answer any questions you may have before deciding whether or not it is right for you.

OUR SERVICES

Non-surgical regenerative treatments for pain associated with sports injuries, arthritis and other musculoskeletal conditions
